

Stop Sinclair from freely broadcasting the "Stolen honor" program. This is an obvious breach of election law and misuse of our public airwaves!!!

Since we no longer have equal time provisions for our airwaves, and that you have allowed increasing ownership and a near oligopoly of media interests, democracy is at stake. The media is supposed to be one of the checks to government not an arm of the current administration. To allow Sinclair's action is reprehensible. A price that we will all pay, democrat or republican.
